The net a knot of chiffon to match the vest is so very perishable that it wilts under would be particularly in keeping.

One can make beautiful little paper dolls by taking pains and time for the work. The gayly colored heads, arms and feet that are bought outright may be affixed to paper or cardboard bodies, and then the costumes may be separately prepared. Crimped tissue paper in its lovely shades, makes a soft and fetching fabric with which to work. One may get up gowrs with plaited ruffles, kilt skirts, puffed sleeves, revers and almost any of the present day styles, all Then a sun-bonnet is a possibility, too, and little hats and bonnets. There is almost no limit to the wardrobe, given tissue paper, glue and some knack in

# "Single Tax" and Cheap Coal.

Certain very rich men, popularly known as t Coal Barons, control absolutely all the available coal fields of America and all the railroads whi carry coal from the mines. They have combin and agreed among themselves to force the pri are often of coal up to more than twice its proper valu and thus the oppressed American workings is compelled to contribute largely from meagre earnings to increase beyond reason a justice the enormous washth of these wicked re bers. He must continue to do so weever under present conditions. But there is a remety, and the people have the power-if they will but use it.
If "Single Tax" principles were in operation all our rich coal fields would be thrown open and, worked in competition (immensely increasing employment of labor thereby) and the price coal would fall to its natural level. This is or a sample of the universal advantage of that and simple principle of absolute justice, the gle Tax.
